Product Description

The Mega Breaching Battering Ram is a full length, 35 lbs. battering ram that is widely used today. Its handles are placed to optimize control and operator safety. The ram's body is constructed of high impact plastic extrusion with UHMW ram ends.

The end caps use the same material as our popular BR35-2 door breaching battery ram. High density, reinforced rubber handles offer comfort and flexibility when using the MegaRam. - Length: 36 inches - Diameter: 4 ½ inches [BR35-C Data Sheet](#)
