Product Description

Industry's first combination entry kit and ballistic shield. Custom backpack contains three 20" entry tools and foldable NIJ Level 3A Ballistic Shield. USA made, heavy duty Cordura®, ergonomically designed backpack allows for quick removal of the RatBar, 6# RatSledge and RatCutter. The pack also carries the Minuteman II Ballistic Shield with level NIJ 3A** protection. Operator pulls side flaps open and the shield slides out of the side of the pack.

AVAILABLE WITH 30" EXTENDIBLE TOOLS - SEE RPX30 KIT FOR TOOL DETAILS
