

The Mini Sledge Hammer (SH14-3) by Rapid Assault Tools is a compact yet powerful tool designed for durability and efficiency in tactical, rescue, and demolition applications. Featuring a forged steel head with a 3.0 lb weight, it delivers exceptional impact force while maintaining a manageable overall weight of 3.6 lbs. Its fiberglass handle provides strength and shock absorption, reducing user fatigue, while the rubber grip ensures a secure and comfortable hold, even in high-stress environments. With an overall length of 14.25 inches, this tool offers excellent balance and control, making it an ideal choice for operators who need a reliable and portable striking tool. Made in the USA and Berry Compliant, it meets the highest standards for quality and domestic sourcing.
