

EXTENDABLE RATSLEDGE™

Best of both worlds! Compact size but full length power when needed.

High quality telescoping tactical sledge hammer. Made in USA, this sledge is made to last. The innovative design allows the tool to be used in either fully closed or fully extended. Locking pins automatically secure handle into either position. Large bottom flange provides excellent control and confidence during use.

The standard tool includes a 8 lbs drop-forged, heat treated steel head, aluminum alloy handle and stainless steel locking mechanism.

Tool includes:

- Telescoping handle locks in open and closed position
- Overall length: 20" (51cm) collapsed; 30" (76cm) extended
- 8 lbs. (3.6Kg) head standard
- 6 lbs (2.7Kg) head available
- Anodized black handle
- Made in the USA

SHX30-8 (8 lbs head)
SHX30-6 (6 lbs head)
